25X1

1. On 14 December 1950, the Goetzendorf (P 49/X 57) airfield was occupied by 43 Pe-2s, 3 twin-engine semi-high-wing monoplanes, and 2 fighters with in-line engines and four-bladed propellers. There was no flying between 8 a.m. and 3 p.m.

2. One tank truck was seen at the field, and one jeep and two trucks were seen at the kommandatura. [REDACTED]

* [REDACTED] Comment. The unchanged occupation of the field by about 40 Pe-2s, three twin-engine semi-high-wing monoplanes, probably A-20s, and two fighters, which has been reported [REDACTED] for months, seems improbable, but [REDACTED] made the same observations on 7 December 1950. [REDACTED] Therefore one bomber regiment, probably the 161st Bmr Regt of the 6th Ods Bmr Div, is still believed to be stationed in Goetzendorf.
